BETTER CROPS WI

The Pocket Boo

TABLE OF CONTENTS

JANUARY 1958

Producer's Progress ..... *Jeff McDermid* 3
Growing Good Stands of Alfalfa ..... *O. J. Attoe and A. E. Peterson* 8
Make Agronomy Your Career ..... *R. E. Wagner* 18
Bermuda Builds Soil ..... *Bernice DeShong* 21
Potash Deficiency and Carbohydrate Metabolism ..... *K. Lawton and L. Shepherd* 26
Potassium, Its Functions and Availability As a Major Plant Food .... *Niven D. Morgan* 30
Why We Use Fertilizer ..... *James Burns* 34
Three Periods of Southern Agriculture ..... *T. S. Buie* 38

FEBRUARY 1958

It's Time to Testify About Science ..... *Jeff McDermid* 3
Growing House Plants Successfully ..... *Earl H. Bailey* 8
Balanced Soil Fertility Less Plant Pests and Disease ..... *William A. Albrecht* 18
The Forgotten Forest Industry ..... *Archer P. Whallon* 24
Looking at your Soil in a Test Tube ..... *L. A. Alban* 30
Fertilized-Irrigated Pasture Pays Off ..... *C. J. Chapman* 38

MARCH 1958

A Never-Ending Quest ..... *Jeff McDermid* 3
Team Research in Grassland Husbandry ..... *Maurice Heath and C. J. Kaiser* 8
Potassium Content and Forage Yield As Affected by Fertilization ..... *R. D. Rouse and C. L. Parks* 16
NPK Boosts Pecan Crop ..... *Bernice DeShong* 21
Phosphate-Potash Maintain Alfalfa Stand with Profitable Hay Yield ..... *John M. MacGregor, J. E. Brownell and W. W. Nelson* 26
More Fertilizer—Higher Yields ..... *William B. Nevens* 38
Topdressing Alfalfa ..... *C. M. Christy* 46

APRIL 1958

Farm College Boosters ..... *Jeff McDermid* 3
Potash—Key to Alfalfa Yields ..... *John L. Gerwig* 8
Vegetable Fertilization ..... *Victor N. Lambeth* 14
On the Farm Research ..... *Darrell Turner* 28
Rural Community Clubs ..... *Fred J. Hurst* 36
The Effects of Gibberellic Acid on Plant Growth ..... *A. W. Haslett* 42

MAY 1958

Looking for Richer Soils ..... *Jeff McDermid* 3
Do Your Crops Have Hidden Hunger? ..... *H. L. Garrard* 4
Field Experiments Point Ways to Top Yields ..... *A. L. Long and Samuel R. Aldrich* 14
Plant Analysis Can Prevent Crop Hunger ..... *Albert Ulrich* 24
Interpreting Soil Tests for Top Yields ..... *W. D. Bishop* 30
Fertilizing for Maximum Yields ..... *T. L. Jackson* 36
Hidden Hunger in Grasses and Legumes ..... *R. E. Blaser* 42
Fertilizer Economics in the Hidden Hunger Zone ... *Gordon B. Nance and John Falloon* 52

ITH PLANT FOOD

ok of Agriculture

January 1958 to December 1958

JUNE-JULY 1958

Patching Up Parity ... *Jeff McDermid* 3
Band Seed Alfalfa in the Summer ... *J. L. Parsons* 6
Successful Crop Production Depends on Potash ... *R. L. Wehunt and H. D. Morris* 14
Balanced Fertilization—First Step to Efficient Production ... *E. C. Doll* 26
The Fate of Nitrogen, Phosphorus and Potassium ... *A. S. Hunter* 32
Irrigation Moves East ... *S. A. Miller* 40
Nuclear Science Helps Agriculturists ... *J. S. Walker* 44

AUGUST-SEPTEMBER 1958

Information's Job ... *Jeff McDermid* 3
The Minerals in Our Soils ... *C. M. Woodruff* 8
High Potash Rates Boost Watermelon Yields ... *D. R. Paterson and Oliver E. Smith* 12
What Happens in the Silo? ... *M. E. McCullough* 16
How Soon Will Potash be Necessary on Our Beet Growing Soils? ... *Carl Luft* 22
Fertilize Field Crops ... *William L. Pritchett* 26
Effects of Fertilizer Practices on Marketable Potatoes ... *John I. Wear and W. A. Johnson* 28
Making Soil Test Recommendations in Ohio ... *Orlo L. Musgrave* 32
Farm Ponds ... *J. B. Earle* 38

OCTOBER 1958

Feeding Forest Crops ... *Jeff McDermid* 3
Forest Fertilization in Europe . . . Its Research and Practices ... *Carl Olof Tamm* 6
Forest Fertilization Possibilities in the United States ... *T. E. Maki* 16
Diagnosing Nutrient Needs of Forest Trees ... *S. P. Gessel and Richard B. Walker* 26
Forest Research Studies Plant Food Usage ... *Donald P. White* 40
A Look Ahead at Forest Fertilization Research . . . a New Silvicultural Tool ... *Earl L. Stone* 46
Are Forest Trees Really Different? ... *E. T. York, Jr.* 56

NOVEMBER 1958

Community Builders ... *Jeff McDermid* 3
High Nitrogen Increases Potash Needs of Grasses ... *Cecil S. Brown and Paul R. Belyea* 6
High Nitrogen Treatment Affects Potash Level of Pasture Soils ... *E. R. Purvis* 14
How So Few Can Produce So Much ... *T. S. Buie* 18
Why Feed Fruit Trees—And How ... *M. E. McCollam* 25
Yield Responses in Bartlett Pears ... *R. T. Riddell* 34

DECEMBER 1958

More Love, Less Myrrh ... *Jeff McDermid* 3
Development of Potassium Use and Future Possibilities ... *Werner L. Nelson* 6
How to Get Good Soil Samples ... *Delno Knudsen* 22
Alabama Needs to Double Potash Use ... *R. D. Rouse* 34
